Web Fighter Club

STUDENT MATRICULATION ENROLLMENT FORM

The Web Fighters Club at Inmantech Institutions successfully organized the "Student Matriculation Enrollment" activity, which was enthusiastically participated by BCA students. The objective of this program was to gather information using web tools, assess accuracy and speed in filling out enrollment forms, and encourage students to showcase their technical and problem-solving skills. After a fierce competition, three students emerged victorious. Tanishq from BCA 1st Semester (2025-2028 Batch) secured first place, followed by Kiran Yadav from BCA 3rd Semester (2024-2027 Batch) in second place, and Vibhor Tiwari from BCA 1st Semester (2025-2028 Batch) in third place. All winners were honored with e-certificates and three awards in recognition of their achievement.

HR HIVES CLUB HIRE AND FIRE

The HR Hive Club activity is not just about fun and games but also about learning, teamwork, and building confidence. With the introduction of our official social media accounts, students will now have a platform to stay connected, share updates, and showcase activities beyond the seminar hall.

The HR Hive Club was energized as members gathered in the Management Block (H4) on September 4, 2025, for an exciting pre-event meeting chaired by the Club President. The program included a number of engaging sessions, ranging from warm introductions and conversation-starting games to the highly anticipated launch of HR Hive's official social media handles—a platform for students to connect, engage, and showcase their talents.

Highlights included interactive HR role-plays, unique games like "Hire and Fire," and a talent round that revealed participants' hidden skills. A creative twist was added with "HR Shark Tank" pitches and situational challenges that tested spontaneity and problem-solving skills. Teams later solved puzzles, proving that teamwork is the true secret to success.

The session concluded with key learnings, a joyful group photo, and ample excitement for the HR Hive event. In fact, the Hive is all set to be buzzing with ideas, talent and teamwork!

INTEGRATED ACADEMY OF MANAGEMENT AND TECHNOLOGY

The Finance Club of INMANTEC turned numbers into fun at its engaging activity "Puzzle Palooza", held on 19th September 2025 at Campus 1, FF2. With 53 enthusiastic participants, the event was designed to sharpen problem-solving skills while adding a dash of creativity and teamwork.

The day began with a cheerful welcome and ice-breaker games, setting the perfect tone for the competition. Students dived into a Finance Puzzle Quiz that tested their knowledge, followed by a Vocabulary Challenge, where quick thinking was the real currency. Adding a quirky twist, the audience enjoyed the lively Bottle & Balloon game, bringing laughter and energy to the room.

After rounds of brainstorming and collaboration, the winners were crowned: Sumit Singh (1st), Bhumika (2nd), and Lucky (3rd). The event concluded with certificate distribution and a group photo, capturing not just memories but also the essence of learning, confidence, and teamwork.

ENVIRONMENTAL CLUB PROTECTING OUR ENVIRONMENT

On 29th September 2025, the Environmental Club of Inmantec College organized an awareness session titled "Protecting Our Environment" for the students. A total of 48 students actively participated in this event. The session primarily focused on creating environmental awareness through a detailed PowerPoint presentation that highlighted key issues such as pollution, climate change, deforestation, and the importance of sustainable living. The presentation aimed to educate students about the urgent need to protect the environment and adopt eco-friendly habits in their daily lives. Along with the presentation, interactive discussions encouraged students to ask questions and share their views on environmental challenges. The activity successfully motivated students to take responsibility for preserving natural resources and minimizing waste. Overall, the event was impactful in spreading environmental consciousness among the youth and inspiring them to contribute positively towards a cleaner and greener future.
